First sign up, then enrol

Dear parent,

Was your child **born in 2024**?

Do you want your child to **change schools**?

How can you enrol your child in a school of your preference?

- **Was your child born in 2024 and does his/her sibling go to that school or do you work at that school?**

You can enrol your child in that school between 12 and 23 January 2026.

- **In all other cases:**

1. Apply on <https://meldjeaanbasis.stad.gent> between 24 February (12 noon) and 17 March 2026 (12 noon)
2. You will receive an e-mail or letter with the result on 31 March 2026
3. Enrol your child in the school between 27 April and 12 May 2026
4. If all available places have already been taken, you can visit another school with vacant places from 21 May 2026 (9 AM) onwards.

Why do you apply for schools in Ghent?

When applying online, parents will indicate their schools of preference. In this way, every child gets an equal opportunity to enrol in a school they choose.

When assigning a school to your child, account will be taken of your school of preference as much as possible.

Other benefits of applying online

1. You will get **priority** over parents who don't apply online.
2. You can nominate multiple schools in order of preference.
3. Your child will be ranked in their school of preference, based on your **home to school or work to school distance**.
4. Your chances of getting a place at a school of your preference will increase.

TO SPECIAL NEEDS EDUCATION

Beside mainstream education there is also special needs education at nursery and primary school levels.

To get an overview of available spaces and the registration procedure go to <https://gent-bao.lokaaloverlegplatform.be>.

For your child to attend a school for special needs education you will need a referral. The CLB's (Pupil Guidance Centres) will help you with this matter.

Special needs education is aimed at children who require specific support due to a mental or physical disability or learning or behavioural problems. We distinguish between different types of special needs education:

- **Basic type (*type basic offer*):** for children with various severe learning disabilities.
- **Type 2:** for children with a mental disability.
- **Type 3:** for Children with normal mental ability who have emotional or behavioural problems.
- **Type 4:** for children with a physical disability.
- **Type 5:** for children who are staying in a hospital, a residential institution or a sanatorium.
- **Type 6:** for children with a visual impairment.
- **Type 7:** for children with a hearing impairment or a speech or language impediment.
- **Type 9:** for abled children with an autism spectrum disorder.

4 What should I bring along when I go to enrol my child?

The ISI card, Kids ID or sticker of your health insurance fund.

The school needs an official document with the correct spelling of your child's name and national identification number (*rijksregisternummer*).

5 What happens during my child's enrolment?

1. The school verifies the information about your child.
2. You sign to confirm that you agree with the school rules and educational vision.
3. You receive a proof of enrolment.

6 What happens if a school refuses my child?

1. Your child's name will appear in the enrolment record.
2. You will receive a refusal document and your child gets a rank number.
3. For children born in 2024, the school has to respect this rank number until 30 June 2027. For children born before 2024, the school has to respect this rank number until 7 October 2027.
4. The waiting lists are valid for one school year. You can register again every year.

7 Why do I need to apply for my child?

Schools see their available places filled very quickly. By using an application system, each child gets an equal chance to enrol in a school of its choice as close as possible to where you live, so your child(ren) can get to school on foot.

8 Can I apply to more than one school?

Yes. There is no limit. You should apply to at least 5 schools to increase your chances of finding a free place. The more schools you apply with, the greater the chances of finding a school of your preference. Also choose schools with enough available places and close to home and work.

9. Which school do I put as my number 1?

Put the school of your preference at the top of your list, even if there appear to be few or no places available. Even if there's no room available for your child now, a space may free up. You can then still enrol your child. Even if you have already enrolled your child in another school.

After school 1, put the school that's your second preference, etc.

10 Do people who apply before I do have more chance of getting a place?

No. It does not matter when exactly you submit your application, as long as you do so between 25 February (12 noon) and 18 March 2026 (12 noon). When demand exceeds supply, we only look at the parents' preference, the distances to the school.

11 When can I start creating an application file?

During the application period: 25 February - 18 March 2026 (12 noon). To log in, you will need to use itsme or eID. In exceptional circumstances, you can apply by e-mail.

12 How do I know if there is a place available for my child?

When applying you can check the availability of places in every school during the application period. Make sure that you also choose schools with enough available places left for your child's age group.

13 What should I do if I want to make additional changes during the application period (e.g. adding a new school)?

After you log in, you can review or change your information.

14 I don't have a computer. What can I do?

Please contact one of the organisations (see page 8) or one of the schools. They will help you out.

15 How do we rank the children? In which school can your child enrol?

First, we create two groups according to the social mix indicators (see question 16). We then arrange each child twice. We order the children according to the distance 'child's domicile from school'. We then order the same children again according to the shortest of the three distances (see question 19). The children who live closest to the school and/or whose parents work closest to the school are given the free spaces.

We arrange your child for all the schools you have selected. You can enrol your child in the school that is ranked highest on your list of preferred schools and has a free place for your child.

16 How many available places are assigned to children living close to the school?

We apply an 80/20 ratio where the majority of each school's free places are allocated to children living closest to the school

17 How many places are assigned to children whose parents work close to the school?

We apply an 80/20 ratio where the smallest proportion of free places from each school is allocated based on the shortest distance. To determine this allocation, for each child, we

compare the child's domicile's distance to school with the distance between the parent's work and school and take the shortest distance.

18 Which addresses can I mention?

The child's domicile and a maximum of two work addresses. You can determine which work addresses you mention. The computer will calculate the shortest distance. If you take the train to work, you cannot enter the train station address.

If you do not provide a work address, we will only use the "child's domicile from school" to calculate the "shortest distance".

19 We will be moving soon. I'm changing jobs. Which address should I mention?

Please submit your new address during the application. However, you will be asked to present proof of your new address when enrolling your child. You will have to live at the new address or work at the new address in the next school year.

20 If my child attends childcare in a certain school, do I get priority?

No

21 Is it possible my child gets a school that I did not choose?

No. We will only list your child in the schools you have indicated. It is possible that there is no space in for your child in the schools you chose. In that case, your child is put on the waiting list. You can then wait until a place becomes available in those schools. Or you can enrol your child in a school that still has free spaces. That will be possible as from 27 May 2026 (9 AM).

22 What happens if I don't apply for my child?

You can always submit your own enrolment request to the school for the 2026-2027 school year from 21 May 2026 (9 a.m.). Please note that many schools will already be full by then. We recommend that you register in advance!

23 Once I have applied for my child, does that mean my child is enrolled?

No. You still have to enrol your child in the school it was given a place between 28 April and 19 May 2026.

24 Can I receive a Flemish school allowance?

The Flemish Community grants a school allowance to parents with low incomes if the children go to school. Education allowances are integrated in the child benefit system. You will receive the education allowance automatically via your child benefit fund.

25 What can I contact the Ombudsman Service for Registrations (ODI) about?

For complaints or comments about technical errors or purely material mistakes (e.g. clerical or calculation errors, or other significant factual errors that do not involve any legal assessment), or for requests to recognise an exceptional situation, please contact the Enrolment Ombudsman Service (ODI).

Parents, or a representative acting on their behalf, may submit a complaint or request recognition of an exceptional situation from the start of the priority period for siblings and children of staff members born in the youngest birth year.

All complaints and comments are registered via a web form, available under the button “Contact LOP Gent BaO” on the website www.kieseenschoolregioent.be.

A preliminary telephone conversation may be held. The chairperson and the LOP expert determine before the ODI meeting whether a complaint or comment is admissible. Only admissible complaints or findings of material errors are placed on the agenda.

26 What if I want to enrol my child for the current school year?

You can always submit an enrolment request directly to the school. The school will then either enrol your child(ren) or provide you with a certificate of non-enrolment.

27 What if a school does not enrol my child?

If you submit a physical enrolment request to a school and they are unable to enrol your child(ren), the school must provide you with a certificate of non-enrolment within seven days of your request. If you do not receive this certificate, please contact LOP Gent Basisonderwijs at lopgent.basis@vlaanderen.be.
